Speaker Dock for iPod® and iPhone®

Wake, sleep and enjoy your favorite music with robust sound for your iPod®/iPhone®. MEGA BASS® and Mega Xpand sound provide enhanced bass and room-filling sound reproduction. Convenient alarm functionality, including a dual alarm with 2-5-7 day settings gives you the option of waking to iPod/iPhone, AM/FM radio, or buzzer.

Rich, clear sound

Stereo speakers deliver a robust and enjoyable listening experience with rich bass tones.

Charge while you listen

Your iPod® or iPhone® charges while docked to help you avoid a drained battery.[1]

Pick your player

Compatible with most iPod® and iPhone® models, including iPhone 4.

Flexible dock connector

Designed for easy connectivity without the need for special adaptors, so you can just plug and play, even with your phone case attached.

SONY Sound enhancements

MEGA BASS® mode enhances bass response while Mega Xpand expands your music sound field at the push of a button.

Audio your way

With three audio functions, the dock lets you gently fall asleep or wake up to your iPod®, iPhone®, buzzer, or radio.[1]

Alarm Flexibility

Dual alarms can be activated independently of one another, and can also be set as a 2-5-7 day alarm to differentiate weekend and weekday settings.

Dock App

For expanded Clock and alarm functionality, install the free Dock App for iPod®/ iPhone® available at the Apple App Store. Search for "D-Sappli."

Automatic Daylight Savings Time

Daylight Savings time change made easy – the built-in calendar recognizes the dates and automatically adjusts for Daylight Savings or Standard Time.

Automatic Time Set

With the time set at the factory, setting up the unit merely requires selecting your appropriate time zone.

No Power, No Problem

A backup power source keeps the clock and alarm operating during a power interruption.

Other sources welcome

Easily connect other digital music players using the Audio-in jack for easy music playback.

Wireless remote control

Control your iPod® or iPhone® from across the room with the included full-function wireless remote control.[1]

LCD Brightness Control

Easily adjust LCD brightness to one of four settings to suit your preference.
